Kuala Lumpur, Malaysia, 6 August 2026 – Actomate is pleased to announce that our Founder and Actuary, Nicholas Yeo, will be a featured speaker at the ASM-CAS-IAAust Joint Seminar 2026, jointly organised by the Actuarial Society of Malaysia (ASM), the Casualty Actuarial Society (CAS), and the Actuaries Institute Australia (IAAust).

Held on 10–11 August 2026 at Le Méridien Kuala Lumpur, the seminar brings together actuaries, insurance professionals, financial practitioners, and industry leaders from across the Asia-Pacific region and beyond to discuss the future of the actuarial profession under the theme: "Risks Beyond Experience: Shaping the Actuary of Tomorrow."

Nicholas will deliver a 50-minute presentation titled "Leadership Roles for Actuaries – Internal Audit" on 10 August 2026 from 4:10 PM to 5:00 PM. As the actuarial profession continues to evolve, actuaries are taking on increasingly diverse roles across organisations. Nicholas's session will explore how actuarial expertise can create value within internal audit by strengthening risk management, governance, and strategic decision-making.

The ASM-CAS-IAAust Joint Seminar 2026 provides a platform for actuarial and industry professionals to exchange ideas, share practical experiences, and explore how the profession continues to evolve in response to technological advancement, changing economic conditions, and emerging global risks.

Actomate is proud to support initiatives that advance the actuarial profession while demonstrating how actuarial skills can create value across a wider range of industries and business functions. We look forward to connecting with fellow professionals at the seminar.
